

Clubs & Activities that run at your local school.

Each of the schools have varied & enriching After school & Lunch time activities for a variety of age groups. These clubs include music, environmental, sport & art opportunities. Some of these clubs require payment & others are free of charge. We want all children to have the opportunity to participate & if you have concerns regarding funding please contact the Head Teacher directly who will handle the matter with the up most of discretion.

We actively encourage partnership working & that includes children attending after school activities & clubs at other schools. For further details please refer to your Partnership information sheet or contact the school direct. For further details
